

Re: Request for Sponsorship

The **Mastermind Youth Foundation**, a new not-for-profit organization based at the **Lochiel Kiwanis Community Centre** in Sarnia, is proud to host **six competitive LEGO Robotics teams** for this year's season. These teams will represent our community at the **FIRST LEGO League Challenge Regional** in Ontario later this year, for a chance to advance to the **Provincial Championships in January** and the **World Championships in April**.

To support this inspiring journey, we are seeking sponsorships from local organizations and businesses through **cash contributions**. In appreciation of your support, **sponsors' names and logos** will be prominently featured at all team events, on our **official website**, and within our **classroom space**, celebrating your commitment to youth innovation, STEM education, and community growth.

We appreciate your consideration of our request. Please contact us at hello@mastermindyouth.org more information.

On behalf of the organization,

Jacques Villeneuve
President
Mastermind Youth Foundation
